di Ferrara**

Ferrara – 3 April 2026

Dear Bisma Jokhio,

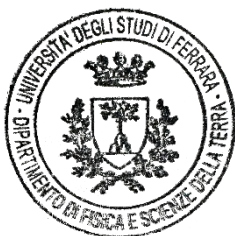

This is to formally certify that the Admission Committee of the Master's Degree in Physics (Class LM-17 – Physics) at the University of Ferrara, Italy, following the admission interview held on 24 February 2026, has resolved to admit you to the first year of the Master's Degree Programme for the Academic Year 2026/2027.

Admission has been granted following the positive evaluation of your previous academic background and the favourable outcome of the individual interview, during which your eligibility requirements and your proficiency in the English language were verified.

The Master's Degree in Physics (Class LM-17) is a two-year second-cycle university programme, entirely taught in English, awarding a total of 120 ECTS credits. The programme provides advanced training in the principal areas of theoretical, experimental, and applied physics. The beginning of academic activities is scheduled for 14 September 2026.

Final enrolment in the programme is subject exclusively to the completion of the administrative procedures required by the University and to the issuance of a study visa by the competent Consular Authorities.

This letter is issued as official confirmation of admission for the purpose of applying for a study visa.

Yours sincerely.

Prof. Fabio Mantovani
