

University of Parma, 2026-04-21

## To the Embassy / Consulate of Italy

**Subject:** Pre-Acceptance Letter for Student Visa Application

This letter is a pre-enrolment statement for the Italian Embassy.

This is to certify that Muhammad sohail , born on 1997-12-12 , has been pre-accepted into the second-level University degree Advanced molecular sciences for health products at the University of Parma for the academic year 2026-27. The programme has a duration of two years.

Muhammad sohail has met all the preliminary requirements for admission as assessed by the programme's pre-admission committee. The language of instruction for the degree course is English, and the applicant's knowledge of the language has been verified during the pre-admission process.

This Pre-Acceptance Letter certifies the applicant's eligibility for the chosen programme and allows the candidate to apply for the student visa, which is one of the mandatory documents required to finalise enrolment upon the student's arrival in Italy.

The full list of mandatory documents and relevant deadlines for completing enrolment is available at the following link: [Required Documents](#).

**Students are advised to bring all required documentation with them, including the original copies of both their school diploma and their university degree.**

The deadline to apply via the University platform for the University of Parma is the **15th of July 2026**.

We recommend that students plan their arrival in September to finalise enrolment before the beginning of classes, which are scheduled to start approximately in **mid-September 2026**.

Further information regarding the admission process and subsequent steps can be found on the University of Parma website: [Degree course – admission procedure](#).

For any additional information you may need about the application process, please contact [admissions@unipr.it](mailto:admissions@unipr.it).

Thank you in advance for your support.

Sincerely,

Università di Parma

The course President Prof. Marco Pieroni
